Welcome to the 49th Island Steam Fair

Welcome to our 49th Island Steam Fair which, since its inception, has grown over the years from a modest two-day event to a full four days of fun and entertainment.

The main arena attractions include "On The Edge", an amazing team of professional motorcycle stunt riders, and the spectacular "Knights of the Crusades". Also featured will be the ever-popular silly traction engine games, with audience participation, and a display from The Falconry Experience, Professor Crump, The Oyster Girls and our regular master of magic, Greg Chapman, will provide pop-up entertainment around the site.

When you are in need of refreshments visit the Food Court or head to the restaurant for traditional fare. The newly-refurbished Barn Café and Bar offers refreshing real ales and light snacks.

Throughout the day we will be running a half-hourly steam-hauled service from Havenstreet, Smallbrook Junction and Wootton stations. Step back in time and ride behind a vintage steam locomotive on a 45 minute journey through ancient woodland and beautiful open countryside.

Next year we shall be celebrating our 50th Steam Fair. Do you have any photographs, films, programmes or any other ephemera from the first show in 1975 to the present day? We would like to see it and perhaps include it in next year's souvenir brochure. Contact liz.tagart@iwsteamrailway.co.uk

On with this year's fair, enjoy your day.
